

## **Snow Policy at the Courtyard, 2022-2023**

The following procedures will be in place for the 2022-2023 snow removal season. In order to provide expedient service to all residents, please follow the procedures outlined below:

The snow contractor may begin plowing during the storm and will return after the storm has ENDED (regardless of time of day) to start the cleanup of the parking lots if there is more than a 1 1/2 inch accumulation. If you know that a storm is coming or see a significant accumulation, please put your vehicle in your garage, if possible. This will make clearing the driveway and parking lots much easier, cleaner, and efficient. The snow will be deposited in the parking lot in the back of Building 1 and the clearing between Buildings 2 and 3. Please keep both those areas clear.

If you cannot park your car in the garage, please watch for the arrival of plows

Also, we would like to remind everyone to keep their garage door closed. Cold air coming in through the open door makes for very cold units/condo. And we want to try and keep the critters out who are looking for a warm place to settle in.

Thank you.  
Warmth to all.  
Courtyard Board of Trustees
